

Appalachian Coal Country Team

Union County Community Gardens

Mailing Address

PO Box 60
Morganfield, KY 42437

Street Address

100 W. Main Street
Morganfield, KY 42437

UCCG has partnered with the county correctional facility to provide a large vegetable gardening area for inmates with good behavior, with all produce used by the cafeteria at the jail. The Waterboxxes will be used for an orchard of high-value fruit and nut trees at the same site. Monitoring will be completed by a group of trained inmates, volunteer gardeners, master gardeners, and local farmers that currently partner with UCCG.

Morris Creek Watershed Association

Mailing Address

PO Box 927
Montgomery, WV 25136

Street Address

328 Morris Drive
Montgomery, WV 25136

Planting site is on the Morris Creek just upstream from the Kanawha River. Waterboxxes will be planted along the riparian corridor near an AMD leakage site. MCWA has a separate Waterboxx site from Phase I.

Eastern PA Coalition for Abandoned Mine Reclamation

Street/Mailing Address

101 S. Main Street
Ashley, PA 18706

EPCAMR planted Waterboxxes at the Huber Breaker AML site for Phase I, and in addition to continued monitoring of that site, will be planting another plot within a stream restoration project area. This riparian corridor is part of the Solomon Creek Watershed.

Boys and Girls Club of the Cumberland Plateau

Street/Mailing Address

17025 Alberta Street
Oneida, TN 37841

Planting site is along their “Field of Dreams” soccer field, on dense clay soil. Plot will be managed in cooperation with their Blue Door Organic Community Garden. This project is heavily weighted around visibility and community education.

Western Hardrock Watershed Team

Mosquito Range Heritage Initiative

Mailing Address

PO Box 375
Alma, CO 80420

Street Address

MRHI, c/o Alma Town Hall
59 East Buckskin St.
Alma, CO 80420

Planting site is in Fairplay, CO near a newly constructed school which caused severe destruction to the area landscape. Plot is approximately one acre, and stands at an elevation of 9,950 ft.

Western Slope Conservation Center – Paonia

Mailing Address

PO Box 1612
Paonia, CO 81428

Street Address

204 Poplar Avenue
Paonia, CO 81428

Planting site is the newly restored Paonia River Park, formerly the site of an in-stream gravel mine. WBs will be spaced across approximately five acres of hillside north of the river.

Yampa Valley Sustainability Council

Mailing Address

PO Box 881461
Steamboat Springs, CO 80488

Street Address

141 9th Street
Steamboat Springs, CO 80487

Planting site is Stagecoach State Park in Oak Creek, CO. Area is perhaps the most hostile, with high temperatures, high winds, and poor soil for most of the warm months. Plot will be monitored by Park Manager and Colorado State Forest Service.

Lake Fork Valley Conservancy

Mailing Address

PO Box 412
Lake City, CO 81235

Street Address

206 N. Silver Street
Alley Entrance, Upstairs
Lake City, CO 81235

Planting site is along a section of the riparian corridors of the Lower Henson Creek and the Lake Fork of the Gunnison River. Area has a high occurrence of the globally vulnerable narrowleaf cottonwood – blue spruce / thinleaf alder riparian woodland, which this project is seeking to expand and protect.
